- Alarm inputs
- External power input
- Video output jack
- Convenient storage compartment
- Rugged Pelican case housing

Includes all necessary cables
2-year warranty

The ViB (pronounced "vibe") is an all-in-one package that allows you to obtain, view, and record surveillance footage. Obtain quality video using the built-in 6dB receiver to receive a signal from any First Witness wireless unit, including the RadioLink II, Wall Clock, Pager, and One-Watt video transmitter! Additionally, an external video port allows you to obtain video footage from another camera or receiver. Immediately view your video on the 5.8" LCD monitor and record video footage on the internal, 960-hour time-lapse/24-hour real-time VCR. The ViB is fully portable and contained in a rugged Pelican case, including an internal battery that will power the unit for up to six hours. The system also includes a battery charger, alarm inputs, external power input, and video outputs.

FW-VIB

Four-channel FCC-approved 6dB receiver, 5.8" TFT LCD monitor, 12 Volt D/C 960-hour time-lapse/24-hour real-time VCR, internal battery for up to 6 hours of operation, and user-friendly control panel built into Pelican case housing. Includes custom battery charger, alarm inputs, external video input, external power input, and RCA video output with all necessary cables and connectors. Two-year warranty.
